EDUCATION

Cambridge Institute of Technology, Bangalore <i>Bachelor of Electronics and Communication</i>	Dec 2021 - May 2025 <i>Bangalore, Karnataka</i>
Gurukul Independent PU College of Science <i>Pre-University College of Science</i>	Jul 2021 <i>Kalaburgi, Karnataka</i>

PROJECTS

Shoplane – E-commerce Webpage

- Designed and developed a responsive e-commerce platform using HTML5 and CSS3, focusing on intuitive navigation and clean visual hierarchy.
- Created wireframes and prototypes in Figma to streamline the product layout and checkout experience.
- Incorporated user feedback to improve accessibility, optimize visual structure, and enhance mobile responsiveness.
- [GitHub Repository](#)

To-Do App

- Built a minimal and user-focused task management app using HTML, CSS, and JavaScript.
- Emphasized usability with clear CTA buttons and intuitive task management flow.
- Used Figma to prototype UI and implement accessible color schemes.
- [GitHub Repository](#)

Login Page UI

- Designed a modern and responsive login page interface with emphasis on clean layout and smooth UX.
- Used JavaScript for real-time form validation with error states and interactive feedback.
- Demonstrated practical front-end design patterns including gradient backgrounds, hover effects, and semantic HTML.
- [GitHub Repository](#)

CERTIFICATIONS

HTML, CSS JavaScript – Scrimba
